

### President's Update

*By Anthony Wong, MD, FACEP*

Hello fellow EM colleagues. It's SUMMERTIME! This is that time of year when we leave town, hide indoors, or hang out in our pools. Part of the Arizona lifestyle. Hope everyone is doing their best to stay cool as we wait for another summer to pass.

Just wanted to give you an update on the AzCEP home front. We just had our annual retreat in June at the Omni resort in Tucson. It was a beautiful resort and a great retreat for those that attended. We had some great talks and demonstrations by our fellow colleagues. Thank you so much for those who volunteered their time to put together a presentation for us. The summer retreat is one of my favorite events that AzCEP puts on. It allows many of us to come together and network as well as listen to some good topics. We also had someone come out from an astronomy club who set up some telescopes to do some star gazing! Great time to relax a bit and fill your wellness tank. We would love for more people to come out for next year's annual retreat. It is free for members to attend, and I hope to see many of you next year. The location is still yet to be determined but we will let you know once we finalize plans.

We also had a successful SIMWars that took place in Tucson this year. Congratulations to the COPA/Valleywise residency for winning this year's SIMWars. Since it was so successful we are looking to continue with it next year.

I also wanted to give a shout out to our very own Dr. Amish Shah for winning the primary for his

race for U.S. Congress. He has done a tremendous amount of work for our medical community, emergency medicine and patients during his term as a member of the Arizona House of Representatives. He has also passed more bills than any Arizona Democrat in over a decade. Congratulations, Dr. Shah, and we wish you best of luck in the next stage of your race.

As a reminder, on May 2, Governor Katie Hobbs signed House Bill 2677 (abortion ban; repeal), which repealed Arizona's pre-statehood ban and helps to eliminate the threat to both pregnant patients and physicians in our state. While this is a big step forward, we will still have many other challenges to overcome. Rest assured we are on top of this very important topic and will do our best to keep our members informed of anything coming up on the horizon.

Coming up in the fall, we have our upcoming ACEP Scientific Assembly in Las Vegas! This city has always been highly attended by ACEP because of all the fun things you can do in the city and the many parties that take place. I am personally looking forward to attending and hope to see many of you there.

Also coming up in the fall we have our EM Opioid Summit taking place on November 20. Attendance is free to everyone including our advanced practice providers. Once we have a flyer finalized, we will send it out to our members. I ask that you please print it out and post it in in your department so others know about it and can sign up for it.

As always, my door is open, and I welcome any questions, comments, concerns, or feedback pertaining to AzCEP and medical care in Arizona. Please reach out to me at [AnthonyWongMD@gmail.com](mailto:AnthonyWongMD@gmail.com) and I'll see what I can do to address your issues.

### A New Hospital and New Interns!

A lot has been changing at COPA (Creighton of Phoenix-AZ/Maricopa County)! Our new hospital opened on June 13th. While we are still working through some growing pains, it has been lovely working in our brand-new facility. Our new home features a much-needed expansion of the Emergency Department with state-of-the-art trauma bays able to better fit our growing volumes. Our former home served Maricopa County since 1971, and while it had its own unique charm, we are excited for the new chapter in our program's history.

New interns also came with this new hospital! A warm welcome to:

Scott Austin, DO Midwestern University

Katherine Barlow, MD University of Arizona

Micheal Bougoulis, MD University of South Florida

Savannah Volkert, DO University of New England College of Osteopathic Medicine

Sarah Golden, Boston University School of Medicine

Colin Hurkett, MD University of Arizona

Colton Kelly, DO Midwestern University

Colleen Leu-Turner, Florida State University

Allision Loeffler, DO University of New England

Giyth Mahdi, MD Mayo Clinic Arizona

Emily Meyer, DO Midwestern University

Kelsey Newbold, DO Midwestern University

Emily Phillips, DO Marian University College of Osteopathic Medicine

Christopher Pinto, DO Philadelphia College of Osteopathic Medicine

Mackenzie Spencer, DO Midwestern University

Geneva Steward, DO Pacific Northwestern College of Osteopathic Medicine

### **U of A - Tucson Combined EM & Peds Residency Corner**

*By, Lo Canntu, MD*

The excitement of welcoming our newest interns has helped ease the sting of saying goodbye to our recently graduated seniors.

Our newly risen chiefs have stepped into their senior role by leading the pediatric wards teams with our interns this month after a fast paced block in the ED. Huge round of applause to Alex Barbosa, Shadd Cabalatungan, and Jonny Coss - our fearless seniors!

The new class embarking on this 5 year journey to mastery of both Emergency Medicine and Pediatrics joins us from across the country. Allison Josselet from Missouri has enjoyed her first monsoon season, Emily Mirochnick from Chicago has thrown out her snow shovel, and Jessica Sea left SoCal to become an Arizona Wildcat.

We're also meeting med students from around the country as interview season kicks off. Showing the new interns and visiting med students around our favorite Tucson hikes and restaurants has been a great way to launch the new academic year.

## *UofA South Campus Residency Update*

*By Robert Camarillo, DO*

Greetings from the South Campus EM Residency Program!

As another year begins, we're excited to update you on our latest news. This summer, we welcomed an enthusiastic group of new residents to our South Campus family. They've quickly immersed themselves in their training, with a standout moment being an unforgettable retreat in Mt. Lemmon, where they enjoyed hiking and bonding over the weekend.

In a few months, our senior residents will have the chance to attend ACEP in Las Vegas. This event will offer them valuable networking opportunities and a chance to engage in a dynamic learning environment. It's also the time when they'll start exploring their next career moves as job interview season begins.

The start of the year also brings the opportunity to meet promising future EM residents who rotate with us. We've had the pleasure of working with some exceptional medical students and eagerly anticipate their participation in the upcoming interview season.

Looking ahead, we're filled with excitement for the year to come. With new challenges and opportunities on the horizon, we can't wait to see our residents continue to grow and thrive. Here's to a year of discovery, learning, and new beginnings!

## **Kingman Regional Medical Center's Resident's Corner**

*By Taylor Cornwell-Hinrichs, DO, MPH, MLIS, R2*

The new academic year has brought 6 great new interns who are all thriving well, despite the steep learning curve that is all-too famous in the intern year of residency. They have completed their SIM skills in procedure lab and are already diving into daily procedures. Our second years are taking on new rotations, such as EMS ride-alongs with the Kingman Fire Department and learning how administration will be a component to all our future careers. And our third years are doing "big brain things" with Toxicology in Phoenix. Check out the official portraits of our new interns:

## Abrazo West's Resident's Corner

By Devi Dearmon-Moore, MD

Hello from the Abrazo EM residency!

This is an exciting time in the west valley as we welcome our new interns! The interns have been busy learning the flow of the department and having fun together as they practiced their skills splinting (on each other), attending ultrasound day and starting their princess shifts. With varied interests including country swing dancing, traveling to all 7 continents, jigsaw puzzles and eating KBBQ, we are excited by the new perspectives and experiences they bring with them.

The newest members of our family were welcomed to Abrazo with medically complex patients and a high level of acuity. All our interns have now successfully intubated and placed central lines in the last month. As we celebrate these accomplishments, we also recognize that these patients are members of our community, and we are providing important and necessary care. In the same spirit, we are also proud to be a part of the Heat Stroke Project along with other hospitals in the valley and the Phoenix Fire Department implementing prehospital ice water immersion for hyperthermia with the goal of decreasing heat-related morbidity and mortality. We are excited to continue serving our community along with other excellent doctors in the beautiful state of Arizona.

23-24 EOY Report; Mainly due to our pared down ED Doc Day, we ended the year in the black with a Net Income of \$1061.62. Our non-dues revenue streams are promising and we hope to continue this type of growth. Declining membership is still an issue and we were down 8% of our regular members from last year. This upcoming year we hope to implement a program to help cover some advocacy expenses.

## Legislative Update

*By John Thomas, AzCEP Legislative Counsel*

The Summer season is upon us with its long sunlit days, abundant heat and the hope for a Summer storm on the horizon. New this Summer season was an early primary election which was held Tuesday, July 30th.

**AzCEP Board Member and former member of the Arizona House of Representatives Amish Shah WAS VICTORIOUS in winning the 6 candidate Democratic primary race for Congressional District 1. Amish's name will now be on the ballot for the general election for CD 1 which will be held on Tuesday, November 5th.**

The results of the general election in November for the legislature will determine which party will prevail with a majority in the House and the Senate and who the leadership and health committee chairs will be. This is important as the health committee chairs decide what legislation will, or won't be heard, in their committees. The Governor's office is a 4 year term so she is not up for re-election this year.

If you have the opportunity, please attend candidate forums in your area before the election and offer your help should the candidate have any questions about health care issues arising at the legislature. We have had board members contacted in the past by legislators who wanted to talk about health care proposals and some of our board members have ended up testifying in front of legislative committees to discuss these issues and the impacts that it could have on the health care community.

As for the Arizona Legislature, it finally adjourned for the year in late June after running for 160 days. Of the over 1,800 Bills, Memorials and Resolutions introduced, 250+ would have had an impact on the healthcare system in Arizona if enacted. AzCEP worked closely with other health care organizations during the legislative session on stopping, fixing or encouraging passage of a number of those legislative proposals.

One of the most important bills to pass this year was the repeal of the 1864 Abortion Ban law. It was finally passed out by a majority of the House and Senate and signed by the Governor in April.

As in past years, we once again faced Scope of Practice, International Medical Degrees, insurance and timely payment issues among others as the session ran towards its conclusion.

We expect to see most of these issues again and more in 2025 when the legislature heads back into session on January 13th. We have already scheduled our **ED DOC DAY** at the Capitol for Wednesday, March 5th where we will once again meet in the morning to hear a keynote speaker, attend legislative hearings and hold personal meetings with the Legislators. These legislative meetings have proven to be a key opportunity for our physicians to discuss matters of importance to our membership and provide attendees with the ability to directly educate the legislators on these issues and answer any questions that they might have. Be sure and MARK YOUR CALENDARS FOR MARCH 5TH.

Enjoy your Summer days as the Fall will be here soon enough.
